

BRAINERD DAILY DISPATCH

Volume 8, No. 292

BRAINERD, MINN., SATURDAY, MAY 15, 1909

Price Two Cents

WARM DEBATE IN THE SENATE

Started by Senator La Follette
of Wisconsin.

INDULGE IN PERSONALITIES

Members of the Upper House of Congress Freely Express Their Opinions—Senator Money Resents What He Terms a Lecture to the Senate by Elihu Root of New York State.

Washington, May 15.—Again the committee on finance was upheld when the senate voted down an amendment by Senator Cummins to lower the duty on round iron, etc., by a vote of 35 to 42 and upheld the house rate, which was recommended by the senate committee.

Almost the entire session was given up to a debate on the profits of the United States Steel corporation and toward the end of the day personalities were freely indulged in by senators. This occurred after Senator Root had spoken in defense of the finance committee and in criticism of senators who had complained of the failure of that committee to provide more ample information concerning various schedules. Mr. Money, addressing himself directly to the senator from New York, resented what he characterized as a lecture to the senate and said that if the senator from New York desired less speaking in the body "he should do less of it himself."

Senator Beveridge proposed an amendment to the tariff bill increasing the tax on tobacco and its products and charged that by continuing the

sary for some sort of an electrical display to clear the sulphurous fumes. The Wisconsin revolutionist said that when a senator wished to know from what source Mr. Aldrich got his information and by what process of reasoning he arrived at his figures, he met with insults rather than figures or information.

In his most subtle way he declared that while he believed in the integrity of the committee, still he saw no reason why certain schedules had been advanced over the house bill.

ADLER IS PLACED IN JAIL

Court Refuses to Set Banker Free on Bail.

New Orleans, May 15.—William Adler, found guilty in the federal court here on seventy-four counts, charging misapplication of the funds of the defunct State National Bank of New Orleans, of which he was president, was placed in prison to await sentence.

Judge Boardman refused to consider a verbal motion for bail pending an appeal. An effort to secure a commitment to his home out of the custody of the officers was likewise refused.

KILLS WIFE AND TWO CHILDREN

Illinois Farmer Then Ends His
Own Life.

Boylesville, Ill., May 15.—Henry Williamson, a well-to-do farmer living two miles east of here, killed his wife and two little children and then committed suicide. The cause of the tragedy is not known. He arose early, got his revolver, stepped to the bedside of his wife and children and shot all of them while they were sleeping. He then poured kerosene on the floor and set it afire, after which he killed himself. A neighbor's girl was sleeping in the same room. She was not molested. She says that when Williamson shot his wife it awakened her and when she saw him pointing the gun at her little playmates, she covered her head and believes she was unnoticed.

A farmer employed by Williamson put out the fire.

OUTLOOK FOR CHURCH UNITY

Topic Which Greatly Interested Episcopal Church Congress.

Boston, May 15.—The outlook for visible church unity was a topic which greatly interested a large audience at the Episcopal church congress, which concluded its sessions after a number of eminent men had spoken. The conclusion reached was that there can be no visible church unity without a full recognition of the validity of the priesthood and the sacramental system. One of the speakers expressed the opinion that no help toward the desired end can be expected from the Roman Catholic church until the idea of a primacy at Rome supplants that of the papacy. Bishop William Crosswell Doane of Albany, N. Y., thought that the possibility of visible church unity is not likely to be realized in this world.

The Episcopal church was arraigned by Rev. Dr. William F. Faber, D. D., of Detroit, Mich., for what he classed as lack of unity within its own ranks. The congress was closed by a brief farewell address by Bishop William Lawrence, general chairman.

Jap Mobbed in New York

New York, May 15.—A Japanese restaurant keeper, Funabiki Lenikichi, was badly beaten by a crowd near the Grand Central station. The trouble started in a subway car when a white man refused to allow the Japanese to occupy a seat with him. When the two left the car words passed and a fight followed.

TORNADOES IN THREE STATES

Kill Five Persons and Injure
Fifty-five Others.

ONE TOWN IS DEVASTATED

Train Wrecked and Great Damage to Property Reported in Kansas, Missouri and Oklahoma—Three Killed and Ten Seriously Injured at the Town or Hollis, Kan., Which Was Swept Away.

Kansas City, Mo., May 15.—A series of tornadoes in Kansas, Missouri and Oklahoma killed at least five persons, injured fifty-five others, devastated one town, wrecked a train and did great damage to property. Twenty-five persons were injured by a storm that swept over Mount Washington and Fairmount Park, suburbs of Kansas City. At least two of these are thought to be fatally injured and several others seriously.

The town of Hollis, Kan., near Concordia, was swept away. Here three were killed and ten seriously injured. The dead are:

Fred Jeardoe, John Cyre and George Eckert.

The Eckstrom family, consisting of five persons, is missing. Their house is in ruins and it is thought they are dead.

Near Great Bend a tornado killed two and injured twenty. All wires are down in that vicinity and it is feared the death list may be greater.

William Ackerly, a Santa Fe engineer, was killed, as was Frank Nicholson, a conductor. The tornado wrecked the work train of which Ackerly was the engineer and blew it into a ditch. Several members of the crew were blown 100 feet. The pile driver toppled over, crushing Ackerly to death in his cab.

Following are those injured in the Great Bend storm:

Lester Preston, Ransom Middaugh, Porter Thomas, R. E. Rucker, R. E. Brown, T. E. Fulkerson, Clarence Avery, Brakeman Murray and twelve unidentified persons.

Most of the victims in this case were members of the Santa Fe crew in the train wrecked by the wind.

The storm spread over a wide area, however, laid waste many farmhouses and injured many whose names could not be obtained. Many conflicting reports have been received. One had ten killed.

At Holsington, Kan., a tornado injured a number and greatly damaged farm property. It was not so severe, however, as that passing over other portions of the state.

At Pond Creek, Okla., a severe wind storm slightly injured four persons and unroofed several houses.

A blinding rain and hail storm accompanied the wind in all three states.

FIVE PERSONS ARE DROWNED

Four Girls and a Young Man Perish in River.

Hackensack, N. J., May 15.—Five persons, four girls and a young man, members of a party of eight, were drowned when a boat in which they were attempting to cross the Hackensack river capsized during a storm. The remaining three swam to the shore.

The victims were on their way home from a paper mill on the river bank when the accident occurred. There is no bridge at hand and as a short cut they adopted the water route, all crowding into a small boat. The girls became frightened and stood up. The boat turned over, throwing all into the water.

THREE INSTANTLY KILLED

Dozen Others Injured by Dynamite Explosion.

Key West, Fla., May 15.—In an explosion on quarter boat No. 3 at Codjess Key, twenty miles from here on the Key West extension of the Florida East Coast railway, three men were instantly killed and twelve others badly injured. The injured men were brought here for medical treatment and it is believed that others were blown to atoms, as 700 pounds of dynamite went off. Most of the men are Americans. Only meager reports of the explosion have been received here and the men are too badly injured to make statements.

"Gentlemen of the jury," asked the clerk of the court, "have you agreed upon a verdict?"

"We have," replied the foreman. "The verdict of the jury is that the lawyers have mixed this case up so that we don't know anything at all about it."—Exchange.

IMPOSES JAIL SENTENCES

Court Also Fines Men Who Violated Anti-Trust Law.

Savannah, Ga., May 15.—Overruling the motion in arrest of judgment offered by the defense, Judge William B. Sheppard sentenced the five men found guilty of violating the Sherman anti-trust law, and in two cases jail sentences were imposed.

Spencer P. Shottter, chairman of the board of directors of the American Naval Stores company, was sentenced to serve three months in jail and to pay a fine of \$5,000.

Edmund S. Nash, president of the company, was fined \$3,000.

J. F. Cooper Myers, vice president of the American company and president of the National Transportation and Terminal company, was sentenced to three months in jail and to pay a fine of \$2,500.

George Mead Boardman of New York treasurer of the American Naval Stores company, was fined \$2,000.

Carl Moller of Jacksonville, Fla., agent of the American company and general manager of the National Transportation and Terminal company in Jacksonville, was fined \$5,000.

The case will be appealed to the United States court of appeals as soon as the bill of exceptions can be prepared and certified to by the court.

Bond in the sum of \$20,000 was given for all the defendants jointly. They were released pending the determination of their appeal. The costs they must pay if the conviction and sentences stand will, it is said, reach \$17,000.

MURDER Baffles ST. PAUL POLICE

Slayer of Wealthy Butcher Not
Yet Known.

St. Paul, May 15.—With the passing of another twenty-four hours since the perpetration of the fiendish murder of Louis Arbogast, a wealthy butcher, the mystery is as far from being solved as it was when the police first took up the meager threads left behind the slayer.

And this despite the fact that to the minds of the authorities the solution of this greatest and most mysterious of the murders which have ever been committed in St. Paul lies within the powers of the persons who occupied the Arbogast house the night the crime was committed.

No confession had been made by any member of the family and no statement of any kind throwing an additional light on the murder has been obtained either from the widow of the murdered man or any of her daughters.

Mrs. Arbogast is under treatment at the city hospital for the burns she received in the blazing bed. She is not under arrest there, neither is there a guard of any kind placed to prevent her leaving.

That the murder was the work of an insane person is the positive opinion of the police and the county attorney. That Mrs. Arbogast is not and never was insane is also the opinion of all the authorities. While she is being watched, it is also true that she is not the only member of the family under surveillance.

The theory now firmly held to is that Mrs. Arbogast is shielding some other member of the family, and that she is doing it with a desperation and determination that can only be shown by a mother to save an imperiled child.

Louise Arbogast, a nervous wreck, the victim of hysteria and breakdown, was taken to St. Luke's hospital. Suspicion is now directed towards her.

GULICK CHOSEN PRESIDENT

New Yorker Is Head of Playground Association.

Pittsburg, May 15.—The third annual congress of the Playground Association of America has closed. No city has been decided upon for the next meeting. Officers elected are:

Honorary president, Jacob Riffs, New York; president, Luther H. Gulick, New York; first vice president, Joseph Lee, Boston; second vice president, Henry S. Curtis, Washington, D. C.; third vice president, Mrs. Samuel A. Ammon, Pittsburg; secretary, E. S. Brauer, Portland, Me.; treasurer, Gustavus T. Kirby, New York.

A monster play festival and May celebration participated in by 18,000 school children was held. One of the features was a parade in which 1,000 children dressed to represent prominent characters in American history marched. Athletic sports and games of various kinds formed another part of the programme.

Wants Animals From Roosevelt.

Milwaukee, May 15.—The Milwaukee Zoological society has cabled ex-President Roosevelt to remember that society in the distribution of wild animals.

These are the Suit Days And the Days for Coats too

When you plan to do without a coat or suit because you think that the days will be so warm that you will not need the medium weight garments, you make a great error as our summers give you many days when suits and coats are absolutely necessary.

The Moral; buy your suit now and of

"MICHAEL'S"

ATTORNEY ON THE STAND

Testifies in Trial of Patrick Calhoun at San Francisco.

San Francisco, May 15.—Charles S. Wheeler, attorney for Rudolph Spreckels, was called to the stand by the prosecution in the trial of Patrick Calhoun.

His testimony was directed, according to the statement of Assistant District Attorney Heney, to the refutation of the "insinuated charge of the defense that Mr. Spreckels, Mr. Phelan and others had engaged in a conspiracy" to oust the United Railroads from the streets of San Francisco with a view to obtaining the transportation franchises for themselves.

The examination earlier in the day of Robert H. Perry, one of the detectives under William J. Burns, whose business it was in 1906 to "shadow" Abraham Ruef, bore more directly upon the case, as Perry told of having trailed Ruef to the United Railroads' office on Aug. 23 of that year, the date on which the prosecution alleges the money drawn from the mint by Tiley L. Ford, general counsel for the company, was paid over to be divided among the supervisors.

CONE TO SUCCEED BARTON

Appointed Chief of the Bureau of Steam Engineering.

Washington, May 15.—Secretary Meyer has announced the appointment of Lieutenant Commander H. I. Cone to be chief of the bureau of steam engineering and engineer-in-chief of the navy, to fill the place made vacant by the retirement of Rear Admiral John K. Barton, which has been temporarily filled by Chief Constructor Washington L. Capps, chief of the bureau of construction and repairs.

SENATOR LA FOLLETTE.

short weight packages of the Spanish war period, the tobacco trust was reaping a harvest of \$21,000,000 a year.

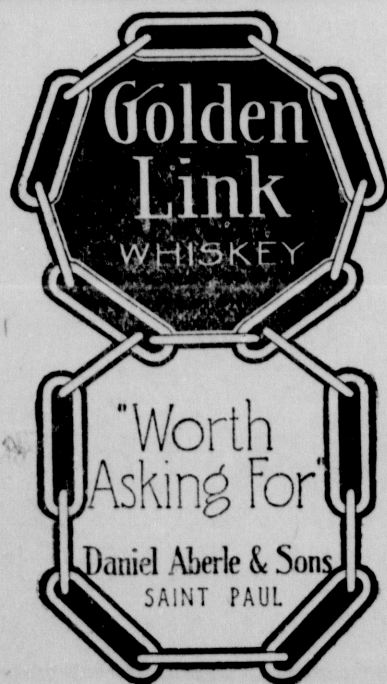

Senators Nelson of Minnesota and Bailey of Texas indulged in a spirited exchange of compliments, the Minnesota inferentially accusing the Texan of working hand in glove with Aldrich, and the Southerner retaliating with the intimation that Nelson, as to stone throwing, was much in the position of that man who has his habitation in a house of glass.

Senator Nelson did not reply. Like the other "progressives," he is very sore on the Democrats who are voting with a high protection crowd.

As senators began flinging mud at one another and the word "liar," dignified men like Cannon and Fry turned to the speaker with wonder, amazement and scorn.

Probably there was never such undignified utterances before in the history of the senate.

La Follette of Wisconsin began the fracas, just such a one as was expected to happen. It was bound to come. The atmosphere around the senate of late had been too heavy. It was neces-

may win \$10 or \$5 in gold.** 291tf

Ed. Lambert, manager at Kabbekona
camp, Woman Lake, and his son, Percy
Lambert, came down today. Percy
went to his home northwest of Motley
to put in his crops after which he will
return to the camp to assist in carpen-
ter work there. Mr. Lambert states that
Chas. Ralya, one of the oldest
guides in that section, cut his foot bad-
ly yesterday while chopping wood and
will be laid up for some weeks.

Eggs for setting from my good win-
ter layers, fullblooded Buff Orpingtons
and R. I. Reds, 50 and 75 cents a set.
Carl Sorman, 813 Quince St. S., block
south of High school. 274 4ts

Today was the date set by the health
officer some weeks ago as the time by
which all yards, etc., should be cleaned
up. The inclement weather, however,
has apparently retarded the work, but
people are beginning to get busy.
There is need of it in many cases and
the business district is not in the least
behind the residence sections in that
respect. There are at least three
places in the heart of the business sec-
tion where buildings have been partial-
ly destroyed by fire and the debris is
still in a very unsightly condition. And
as to the back alleys and manure piles—
perhaps the less said the better. The
matter of a cleaning up week has been
referred by the Commercial club to the
public affairs committee and it is un-
derstood that there will be some recom-
mendations from them in the near fu-
ture. In the mean time why not each
one appoint himself or herself a com-
mittee of one to clean up around one's
premises. The Queen Ann front and
Mary Ann back is not a becoming ces-
tume for any residence or business
property.

TOWN OF GOLD BRICKS.

Wealth Found in the Walls of Mexi-
can Adobe Houses.

There are many remarkable towns
in Mexico, but none more interest-
ing than Guanajuato, "the hill of the
frog." It might more properly be
called the "gold brick town," for the
houses here have been found to contain
much gold.

This is a curious situation, but it
came about naturally. Guanajuato—
pronounced Wah-nah-wahto—is one of
the oldest mining towns in Mexico, but
the value of the place as a town was
discovered when a railroad company
decided to build a station there. It
was found necessary to tear down
about 300 adobe buildings, which were
made of the refuse of various mines
after the ore was extracted.

When it became known that the old
adobe buildings would be torn down
pieces taken at random were assayed.
It was found that because of the old
process, which left much gold and sil-
ver, they assayed from \$3 to \$24 a ton.
The mean value was estimated to run
about \$8 gold a ton.

The old buildings have brought about
\$30,000 Mexican, in gold, and persons
who have built since the new machin-
ery has been installed in the mines
are bemoaning the fact that the new

STRUCK IRON
NEAR MOTLEY
Ed. Lambert Reports That Ore
Has Been Found on Farm of
John Bickford
SAYS THE FIND IS RICH
Ore Said to be of First Class
Quality and Believed to be
Very Abundant

Ed. Lambert, who resides about ten miles northeast of Motley, was in the city today. He states that people in that section are much worked up over reported discoveries of iron ore on the farm of John Bickford. The drill is now down about 160 feet and is reported to be in good merchantable ore. Drillings on the farm of Sam Skafe, near there show good indications, but have not yet struck the ore strata. Mr. Lambert predicts great activity in the way of explorations in that section this summer.

Delightful Treat
Both audiences that listened to J. M. Young, of Chicago, at the public library in the afternoon and at the Elks hall last evening, were amply repaid for the time and money spent to hear him. He proved himself to be, not only an excellent connoisseur of art, but a fine raconteur of the lives of great artists, both foreign and American.

The afternoon's lecture was an informal affair, and added charm was lent to the lecture by his going into the minutiae of tone, color, harmony, etc., by way of contrast, using the exquisite water colors and also oil paintings which he had on exhibition and which are rated among the best in the country.

At the Elks' hall last evening before an appreciative audience, the lecturer gave a resume of the history of art from Pericles down to the modern schools; dwelling particularly upon the greatness of American artists and their works of art. "There are more painters in America, than in any country in the world," uttered the lecturer. The lecturer then backed up his statement by showing that almost all the art galleries of Europe contained pictures by American artists, and that their pictures had created a furore wherever exhibited. He mentioned Whistler, Sergeant, George Innes and West, and several others.

A part of last evening's lecture was illustrated by the aid of a superior stereopticon, using the Lumiere Co., of Paris' slides, mounted by the aid of colored photography; a new art that has come to light after decades of experimentation, and which showed the pictures of George Innes, Wyant, Ranger, Hassam, Murphy, Charles H. Davis, Eaton, Blakeclouck and Troyan, all American artists, in color details, to perfection. Mr. Young believes the time opportune to call the eyes of the Old World to America's greatness along the line of art. One of the charms of the lectures was the conversational style of the lecturer.

BABY SCHOOL FOR A CHURCH.

Amuses Them With Playthings While Mothers Attend Service.

An excuse for not going to church which has been valid for several generations among mothers of large families, though its precise value in the minds of pastors has been somewhat vague, will no longer apply among the mothers of Calvary Methodist Episcopal church, at Seventh avenue and One Hundred and Twenty-ninth street, New York city, in the heart of Harlem, where goacots abound. The church has established a Sunday morning kindergarten, to which children more than two years old may be taken. In a house adjoining the church. It is being provided with sand tables, blocks and the other equipment of a kindergarten.

The announcement was recently made in the bulletin of the church, and the mothers of ten children took advantage of the offer. The children were all over four years old, and no difficulty was found in amusing them. A well known candy manufacturer recently purchased the two houses 209 and 211 West One Hundred and Twenty-ninth street and gave their use to the church.

Won't Slight a Good Friend

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley, of Beals, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for coughs, cold and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For bronchitis, asthma, hemorrhage, croup, LaCrippe, sore throat, pain in chest or lungs its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn.

DEATH OF GUSTAVE ELG
Aged Resident of Brainerd Died at
His Home Friday After a
Long Illness

Gustave Elg, for the past eight years a resident of Brainerd, died at his residence at 515 South Seventh street, Friday after an illness of over a year. The funeral service will be held at the Swedish Lutheran church Sunday at 3:30 and will be conducted by Rev. Hugo Thorene. Interment will be in Evergreen cemetery.

Gustave Elg was born in Dalerne, Sweden, April 1, 1834, and was a little over 75 years of age at the time of his death. He was married at Lilljendahl, Sweden, on Oct. 18, 1856, to Mary Jophie Bork, who survives him. To them were born 14 children, eight being boys and six being girls. Three of the boys are dead. The following are the surviving children: Mrs. Em-Soderquist, Fergus Falls, Minn.; Charles Elg, St. Paul; Aaron Elg, Brainerd; John Elg, Moline, Ill.; Adolph Elg, Two Harbors; Alma Elg, St. Paul; Mrs. Sophie Holmquist, Fargo; Gustave Elg, Two Harbors; Mrs. Freda Holmquist, Fergus Falls; and Mrs. Ellen Swanson, Pelican Rapids. Mr. and Mrs. Elg emigrated to America in 1892, settling in Fergus Falls, where they resided until 1901, when they came to Brainerd which has since been their home. For many years prior to coming to America Mr. Elg was foreman of one of the largest rolling mills in Sweden and it is said that few men knew more of the manufacture of iron than did he.

The Dispatch joins many friends in extending heartfelt sympathy to the widow, left alone after more than half a century of companionship, and to the sorrowing children.

AMATEUR BASE BALL

The Brainerd High school base ball team went to Royalton this noon to play the team there this afternoon. The lineup of the Brainerd team will be Parker c, Alderman p, Mahlum 1b, E. Bush 2b, White ss, L. Bush 3b, Ousdahl lf, Mills cf, O'Conner rf. With the team went Cleon White, Harry Carlson, Richard Johnson, Kenneth Ribbel, Neil Brooks, Edwin Blake, Clyde Trent and possibly others.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Kills To Stop The Fiend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures fever-sores, boils, felons, eczema, salt rheum, infallible for piles, burns, scalds, cuts, corns. 25c at H. P. Dunn's.

COMING RACING CENTER.

San Diego, Cal., Is the Place, Says a California Stockman.

San Diego, Cal., is destined to become the big racing center in the United States, according to John C. Clark, a stockman who owns a large ranch twenty-five miles from that city.

"The government of Mexico has granted big concessions to the horse racers, and a very fine track is being constructed just over the line in Mexico and near San Diego, Cal.," Mr. Clark said. "A trolley line will be run from San Diego down to the track, only a few miles distant, and there is every assurance from the Mexican government that there will be no interference so long as the races are conducted in the proper manner. In the country where bullfights are tolerated it is expected the regulations governing races will be a little more lax than in this country, but the men who are investing their money say it will be conducted on the same high plane as the big tracks in this country."

"It is planned to build a big resort there, and it may develop into a regular Monte Carlo. But the base of operations will be in San Diego as planned now. There is no more delightful climate to be found than in and around San Diego, and that is expected to be a big drawing card. That city is expected to take on gay attire when the followers of the races swoop down on it next season. It is planned to have everything in readiness by next fall and winter."

Smashes All Records.

As an all-round laxative tonic and health-builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate the stomach, liver and kidneys, purify the blood, strengthen the nerves; cure constipation, dyspepsia, biliousness, jaundice, headache, chills and malaria. Try them. 25c at H. P. Dunn's.

FARM, HOME AND GARDEN

STOCK ROOTS

The Minnesota Experiment station strongly recommends the growing of stock roots especially for northern and central Minnesota. The following is taken from press bulletin No. 72, issued by the Northeast Experiment at Grand Rapids:

"Stock roots under ordinary field conditions yield from 10 to 15 tons per acre; from 350 to 550 bushels. When the soil is very fertile, and given extra care, they may be made to yield as high as 30 tons, or 1,000 bushels per acre."

"The cost of growing roots, taking everything into consideration such as value of land, cost of machinery, seed, labor, etc., need not exceed \$25 per acre, or from \$1 to \$1.75 per ton."

"Two acres of stock roots are grown on the Experiment Farm every year. They are grown in a rotation with barley, clover and peas."

"They are sown with a garden drill in rows 24 inches apart. When the plants appear above ground they are gone over with a wheel hoe, and later with a horse cultivator every week throughout the growing season."

"When the plants are about two inches high they are thinned out, a common hand hoe being used for this purpose. The stock carrot is thinned to 8 inches, and the rutabaga and mangle to 12. Thinning the plants early with the hoe, lessens the hand thinning later. With the plants well apart they are much easier kept clean, and their yield is greater than when grown thickly."

"Mangles, sugar beets, stock carrots and rutabagas have been compared on the Experiment Farm. On high well drained soil and a favorable season, mangles give the largest yield, but on low ground and in a cold wet spring are apt to fail. This is also true of the sugar beet. Stock carrots have never failed to produce a crop. Rutabagas are also very hardy but objectionable for dairy cows."

"Taking all conditions, the stock carrot is recommended for this section of the state. Rutabagas may be grown for sheep, pigs and young stock, but either the stock carrot or mangle for dairy cows."

"A sandy loam soil is best for roots. It should be well manured. In preparing the seed bed harrow thoroughly immediately after plowing as the soil is most easily pulverized at that time; it is also well to plank or roll it before seeding as the garden drill is difficult to work in uneven ground. A garden drill is the first thing that should be secured in preparing to grow roots. With a garden drill an acre can be sown in half a day. A good drill may be bought for \$8 or \$10. Two or more farmers may buy one in co-operation to good advantage."

"In seeding sow plenty of seed. The surplus may be thinned out easily. For carrots or rutabagas sow from 1 1/2 to 2 pounds per acre, for mangles 15 to 20 pounds."

The time to plant will depend upon the season, from May 10 to June 10. Carrots and rutabagas may be seeded quite early without danger. Rutabagas may be sown as late as July and a good crop secured, but earlier planted is safer."

"Grow roots. The money you spend on one ton of bran or shorts if invested in an acre of roots will produce from four to five times as much feed."

"Live stock of all kinds need some succulent feed in winter to be healthy. When roots are fed there will be no need for expensive stock foods and medicines. Grow roots. They have a food value not only in themselves but also in the effect they have on other feeds fed in connection with them, making them more digestible and nutritious."

A. J. MCGUIRE,
Northwest Experiment Station,
Grand Rapids, Minn."

Here is Relief for Women

If you have pains in the back, urinary, bladder, or kidney trouble and want a certain, pleasant herb relief from women's ills, try Mother Gray's "AUSTRALIAN-LEAF." It is safe, reliable regulator, and relieves all female weaknesses, including inflammation and ulcerations. MOTHER GRAY'S AUSTRALIAN-LEAF is sold by druggists or sent by mail for 50 cts. Sample sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.

Earthquake Fear.

Mankind are strangely inconsistent in the matter of running risks. There is no danger that appalls the imagination more than the danger of earthquake, and yet those parts of the world that are most subject to earthquakes seem never to have been therefore shunned by human beings. An earthquake is an "act of God," and men are clearly helpless against it. Like death, no one knows when it may come; but, unlike death, it may never come at all, and therefore men fear it less than death.—London Times.

Act Quickly

and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or taken cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subside. New size bottles 35c., also in 50 cent sizes.

REGISTRATION OF TITLE
Only Three Applications Have Been
Made Thus Far in Crow Wing
County Under New Law

Thus far there has been no rush for the registration of real estate titles in Crow Wing county, under the Torrens system, which was extended to all the counties of the state by the last legislature. The first application for registration was made on April 23 and was made by the Cuyuna Investment Co., and asked the registration of the title to the w 1/2 of the nw 1/4, the sw 1/4 of the nw 1/4 and the n 1/2 of the sw 1/4, 32-27. That was the only application up to Friday May 14, at which time B. B. Gaylord et al asked the registration of the nw 1/4 of the ne 1/4 of 11-46-29 and Lars J. Sall applied for registration on the sw 1/4 of the nw 1/4 and lot 4, 12-46-29. The clerk of the district court and the registrar of title are well pleased that there was no rush as it has been a task of considerable magnitude to get the proper books and blanks ready for business.

MUSIC AND DRAMA

The Bijou offerings for next week are a little out of the ordinary. The advance notice of the Mysterious Franz Ceaser and company are very flattering to say the least. They come direct from the Princes theatre Minneapolis, where they were a tremendous hit. (Note Minneapolis Journal, says: "You can go and see 'Franz Ceaser in his great substitution act every day in the week and then want to go again. Its fascinating, mystifying, wonderful and beyond comprehension.") Manager Cowles feels very much elated in securing this wonderful act and can assure the Bijou patrons that they will get their money's worth and thence. Lipman and Lewis are more than making good this week—at the Bijou—those failing to see these funny fellows miss a good big laugh. Change of pictures Sundays and Thursdays. Vaudeville Mondays and Thursdays.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at H. P. Dunn. tsw1

Could Not Fool Gladstone.

"The keenness of Gladstone's collecting eye, even in old age," the London Athenaeum says, "may be inferred from the story told us by a bookseller in Brighton. On one of his last visits Mr. Gladstone paid a visit to our informant and took up a nice book in an old French binding. 'What's this?' he said."

"'Oh, it's a book from the library of Catherine de' Medici.'"

"'But there's no fleur de lis in the top lozenge,' retorted Mr. Gladstone without a second glance at it."

RHEUMATIC FOLKS

Are You Sure Your Kidneys Are Well?

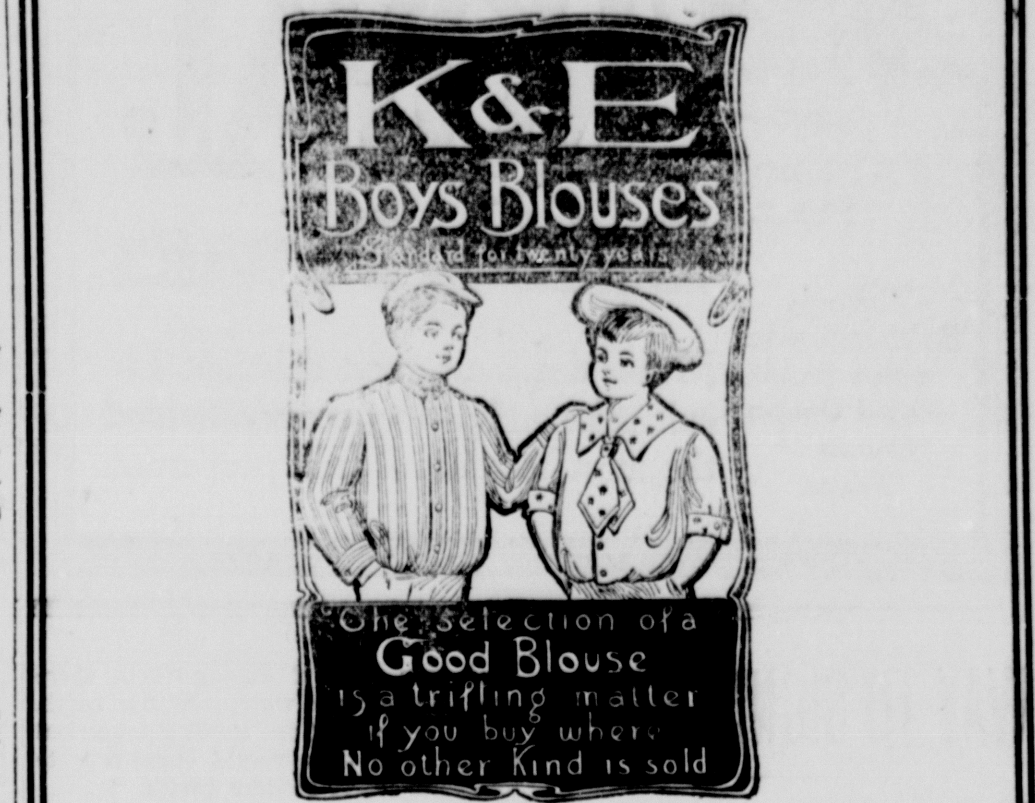

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Brainerd testimony to prove it.

Mrs. Ben Nelson, living at 701 Third Ave., N. E., Brainerd, Minn., says: "My husband is a firm believer in the effectiveness of Doan's Kidney Pills, having used them off and on whenever any sign of kidney trouble has appeared. A month ago he was greatly bothered by lumbago and also pains through his loins. A few boxes of Doan's Kidney Pills, procured from H. P. Dunn's drug store, relieved him. We are glad to recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Spring of the Year
Always Brings up the
Waist or Blouse Question

We're ready to meet it. We have waists and blouses in great variety of fabrics and they are cut to fit. Cheviots, Percals, Madras, Etc.

Sizes 3 to 15 years
25c, 50c to \$1.00

Our waists and Blouses are made good and full and made by people who do nothing else but design and make waists.

H. W. LINNEMANN

Where to Worship

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m. mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Communion service. Rev. Hugo Thorene, pastor.

WAY TO SIGNAL MARS

Professor David Todd Will Use a Balloon.

TO TRY TO RECEIVE MESSAGES

Amherst Man Will Ascend Higher Than Ever Before When Planet Is Nearest to the Earth—How Professor Doolittle Would Signal Mars.

Professor David Todd of Amherst college does not believe it absurd to plan for communication with other worlds and in an attempt to get signals from Mars will ascend in a balloon to a height greater than usually reached, says a Boston dispatch. He will be accompanied by Leo Stevens, the aeronaut. This plan to surmount natural difficulties will be tried not later than September, when the planet Mars is nearest the earth.

Professor Todd, speaking of the novel test he has planned, said in part: "If life really exists on Mars they have been trying for years to get into conversation with us and perhaps wonder what manner of stupid things we are not to respond. Following this assumption, I have thought that we might feel their presence if we could get high enough up, away from the noises and the other waves that surround us, up in the rarefied regions of our atmosphere with nothing to disturb the communication."

"In mounting high up in the balloon to attempt to intercept any other waves that may be radiating from the planets I shall be shut into a metal box made of aluminum for lightness and fitted with apparatus to drive out the carbonic acid gas and supply oxygen and with air pressure to prevent sickness. In that way I can ascend much higher than balloons have heretofore gone. We shall take along the wireless receiving instrument and try to intercept messages from Mars, Venus or any other of the planets.

"The planet Venus defies the telescope. All we get from Venus is a reflection from the planet's atmosphere or gaseous envelope. This very atmosphere of Venus is a sign of probable life on the planet.

"We cannot presume to send messages to Mars on this coming trip, but will only try to receive. The question has been raised of how we should get our grand connection necessary for telegraphy.

"There are several answers. We will use what is practicable. If, in the meantime, it is established that a thousand foot wire hanging from the car with surrounding atmosphere forms a 'grounding,' we will use that."

When asked about the practicability of recent plans for establishing communication with Mars, Professor Eric Doolittle of the Flower astronomical observatory, University of Pennsylvania, said:

gent men, and if among them there are astronomers watching this earth, those men would see these geometrical figures, and they would communicate by constructing similar devices."

Professor Doolittle thought that the expenditure of the proposed \$10,000,000 for establishing communication with Mars would be impracticable until it was definitely determined that Mars was inhabited.

WISCONSIN BOY MURDERED

Robbery Supposed to Have Been Motive of Crime.

Duluth, May 15.—Rudolph Nelson, aged sixteen years, was murdered Friday night in the outskirts of Superior, Wis., while returning from school. His body was thrown into a pool, where it was discovered at 6 o'clock. Robbery is supposed to have been the motive, as a cheap watch and some small change were taken.

High and Low Tides.

The highest tides in Europe occur in the Bristol channel, where at spring tides there is sometimes a difference of over forty feet between high and low water. The highest tides in the world occur at Fundy bay, Nova Scotia, where the difference is over seventy feet. The lowest tides are in Lake Michigan, where the difference between high and low water is only three inches.

GRAIN AND PROVISION PRICES

Minneapolis Wheat.

Minneapolis, May 14.—Wheat—May, \$1.27½; July, \$1.25½; Sept., \$1.08½. On track—No. 1 hard, \$1.30@1.30½; No. 1 Northern, \$1.29@1.29½; No. 2 Northern, \$1.27@1.27½; No. 3 Northern, \$1.25@1.26½.

Oats—May, 59½c; July, 51½c; Sept., 43½c@43½c; Dec., 44½c. Pork—May, \$18.30; July, \$18.42½; Sept., \$18.45. Butter—Creameries, 21@25c; dairies, 18½@23½c. Eggs—19½@21c. Poultry—Turkeys, chickens and springs, 15c.

THREATS CAUSE SCARE IN PARIS

But It Is Believed That Labor Leaders Are Bluffing.

SPEECHES ARE INFLAMMATORY

Representatives of Workmen Pledge Immediate Support to Striking Postal Employees and Threaten to Join the Revolutionary General Federation of Labor If Necessary—Government Officials Confident.

Paris, May 15.—The striking postal employees adopted resolutions appealing to workmen's organizations to make common cause with them. The meeting was attended by M. Pataud, secretary of the electricians' union, M. Guerard of the railroad men's organization and other representatives of workmen, who delivered inflammatory speeches, promised the postal employees immediate support and threatened, if necessary, to place themselves under the direction of the revolutionary General Federation of Labor. These threats produced a big scare, but there is a strong suspicion here that leaders in the movement are bluffing.

The strike of the postmen itself apparently has lost ground. The rank and file of the men seemingly are convinced that the agitators are acting for their personal end and as the tools of revolutionary proletarian organizations, and they hesitate to risk losing their permanent situations and pensions.

At Chartiers and Dijon strikers, in view of the attitude taken by parliament, voted to return to work. Government officials here continue to express confidence that the entire movement is collapsing. It is pointed out by them that only 48,000 out of the 300,000 railroad men whose support was pledged the strikers by M. Guerard belong to the union and that these members are mostly trackmen and artisans employed in the shops.

It is reported that strikers, in their desperation, again are cutting the telegraph wires in Paris and the provinces.

CALLED BEFORE COMMITTEE

One of Stephenson's Managers Again Questioned.

Madison, Wis., May 15.—Republican State Chairman E. A. Edmonds, who also was one of Senator Stephenson's managers during the primary campaign, was again called before the senatorial primary investigating committee and questioned with a view to clearing up some portions of his previous testimony which the committee did not quite understand. The examination did not bring out anything important beyond the fact that Edmonds acknowledged the payment of about \$300 to an attorney who defended Lester Tilton of Neillsville, whom Senator Blaine mentioned in his list of charges against Mr. Stephenson.

E. J. Westphal, a newspaper publisher at Appleton, and Senator Lehr testified concerning campaign bills which the former alleged were due him from Lehr.

Senator Lehr disputed Westphal's claim and contended that he had overpaid him.

TWO YOUNG MEN KILLED

Shoot Each Other in Trying to Hit Another Man.

Roanoke, Va., May 15.—William Bailey and R. M. Young, two young men of prominent families of Lee county, shot and killed each other while trying to kill another man at a school entertainment at Dryden.

Young and Bailey had an altercation with William Jesse over the matter of tickets of admission. It is alleged, Young and Bailey abused Jesse and the latter struck one of them. Young and Jesse clinched and Bailey, in an effort to shoot Jesse, shot Young. As Young was falling he fired aimlessly, the ball killing his friend Bailey. Jesse was shot in the side and another man was slightly wounded.

TRAIN RUNS INTO A CREEK

Several of the Trainmen Are Reported Missing.

Kansas City, Mo., May 15.—Wabash passenger train No. 9 ran through an open bridge into Bull creek near Randolph, twenty miles east of here. The engine, baggage and mail cars fell into the water. A telephone message from Randolph said several trainmen were missing, but that no bodies had been found. The accident was caused by a washout.

Baby Strangled to Death.

Minneapolis, May 15.—Wrapped in some old papers and an apron, the dead body of a female infant was found by workmen in an ash heap in the alley in the rear of 829 Seventeenth avenue south, with a cord tightly tied around its neck. The baby had been dead for about two days and the police have no doubt that it had been choked to death by means of the string, which was deeply imbedded in its flesh.

ROCKHILL AS A TIBETAN.

Incident in the Career of the New Ambassador to Russia.

Take it from William Woodville Rockhill—doesn't that sound like a name in a play?—that exploring Tibet is like sauntering down a shady lane. The new ambassador to Russia is distinctly skeptical of those gentlemen who go to Tibet and get themselves hung up by the lobe of the ear and have repousse designs in powder burns worked all over them in the button-hole stitch. They make him think, he says, of a certain famous attempt to find the north pole, in which the relief party got so much farther north than the explorer did that the unfortunate scientist had to hurry like thunder to catch up with it. That farthest south arctic expedition has been equaled, he says, by some of the Tibetan explorers.

And Mr. Rockhill ought to know, for he wandered all over Tibet, protected by a cold American nerve and his looks—not that he is proud of his looks. When he planned that Tibetan trip he was second secretary of the American legation at Peking, and his servant was a native Tibetan. "Am I too handsome to pass for a Tibetan?" asked Mr. Rockhill of the mental. Mr. Rockhill was slyly facetious. The Tibetan was as solemn and matter of fact as the death record in the family Bible. He said he feared the displeasure of the noble lord if he were to answer truthfully. Mr. Rockhill began to lose the savor of that jest, but he insisted. "But the noble lord will hereafter hate his faithful servant," protested the Tibetan.

"Darn it," said Mr. Rockhill in excellent Tibetan, "you tell me what's the matter with my looks?"

"All is wrong," said the Tibetan—"everything is wrong with the excellency's looks save and except his magnificent big nose. Because of that most spectacular and ornate organ he may pass as a Tibetan of the second class, and by further disguise he may be accepted as one of the nobility. But the nobility are very handsome men."

Just the same, Mr. Rockhill traveled unmolested all over Tibet and didn't have to raise his voice during his stay in the Forbidden Land. Even if he isn't a good looking Tibetan he is ordinarily considered a very classy American. Tall, portly, of distinguished presence, he is an ardent scholar.—New York Globe.

GREAT AFRICAN REGATTA.

Zambezi River to Be Scene of Gathering of World's Crews.

The Zambezi river above the Victoria falls, in Africa, is to be the scene of a great international regatta, managed by the British South Africa company, in June, 1910. It is expected that crews from all the rowing centers of the world will participate, and there will be races for fours, pairs and scullers as well as for eight oared crews. The company has arranged that the famous oarsman Guy Nickalls take charge of the affair. In a recent conversation at London Mr. Nickalls said:

"Owing to the date falling just before the end of the term I am afraid there will be difficulty in getting a crew to go out from Oxford or Cambridge, but I hope to get a Canadian crew over from the Argonaut club and one crew, if not two or three crews, from the United States as well as entries from Belgian and possibly French and Italian clubs. I think I can count on Leander being represented. I am going out to Africa to have a look at the course and watch South African rowing. I shall get there in time for their annual Whitsuntide regatta and shall be able to judge if their form will enable them to compete with the rest of the world's oarsmen or whether it will be necessary to have an inter-African challenge cup. I shall get back just in time for Henley, where I hope to meet French, Italian and Belgian crews and get them interested in the matter."

HAT THAT CAUGHT A ROBIN.

Bird Alighted to Pick Cherries—Feet Tangled in Trimming.

A deluded robin came to grief the other day in Flushing, N. Y., because a pretty girl wore a peach basket hat trimmed with artificial cherries.

The girl was walking along Broadway near the old courthouse when the robin, on a lower limb of a tree, spied the hat and its trimmings. It hopped from its perch on to the hat and started to pick at the cherries.

The girl screamed and clutched at her hat. The robin's feet caught in the trimmings, and it was held a prisoner. A man went to the assistance of the girl and the robin. Then the robin escaped.

Novel Street Lighting.

The quantity of light which it is now possible to obtain at a reasonable cost from tungsten lamps in series has led to an innovation in street lighting in some Michigan towns which, it is thought, may find wide adoption. In Grand Rapids, where the system seems first to have been applied, the tungsten lamps are strung across the street between the eaves of the buildings in such a way that they form the outline of an arch. The effect of a series of these illuminated arches at night resembles that of a canopy of lamps covering the street and shedding down upon it a pleasing illumination. The same system has been adopted in Big Rapids and is under consideration in Greenville and other towns.

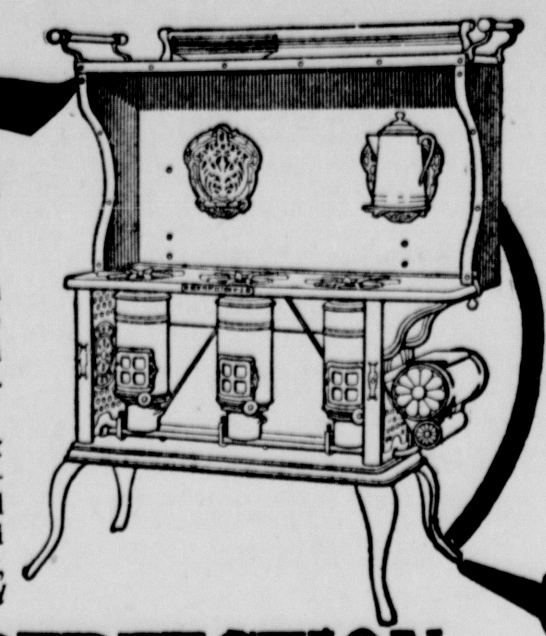

Violet Wisconsin's Flower.

Returns from the vote of Wisconsin school children on the choice of a state flower are all in, and the violet wins by a big majority.

For the Summer's Cooking

No kitchen appliance gives such actual satisfaction and real home comfort as the new Perfection Wick Blue Flame Oil Cook-Stove.

Kitchen work, this coming summer, will be better and quicker done, with greater personal comfort for the worker, if, instead of the stifling heat of a coal fire, you cook by the concentrated flame of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

Delivers heat where you want it—never where you don't want it—thus it does not overheat the kitchen. Note the CABINET TOP, with shelf for warming plates and keeping food hot after cooked, also convenient drop shelves that can be folded back when not in use, and two nicked bars for holding towels.

Three sizes. With or without Cabinet Top. At your dealer's, or write our nearest agency.

The **Rayo LAMP** never disappoints—safe, economical and a wonderful light giver. Solidly made, beautifully nicked. Your living-room will be pleasanter with a Rayo Lamp. If not with your dealer, write our nearest agency. **STANDARD OIL COMPANY (Incorporated)**

MURDER MYSTERY UNSOLVED

Police Baffled by Case of Laura E. Rogester.

Providence, R. I., May 15.—The mystery of the murder of Laura E. Rogester in Cranston Monday night remains unsolved. A reward of \$500 has been offered by Mayor Fletcher and it is expected that Governor Pothier and the employers of Miss Rogester will increase the amount by \$500 each.

Most of the attention of the police in the search centered about the discovery that a ring, bracelet and purse, which the girl is said to have had with her when she left her home Monday evening to go to try on her wedding dress, are missing. Heretofore the police have clung to the opinion that the young woman was killed by someone with whom she was acquainted and that robbery was not the motive, but when it was positively learned that these trinkets, all of which were gifts from the man she was to marry, could not be found at her home, the case took on a new aspect.

Detectives said that the dead girl's family had admitted for the first time that she was acquainted with an Auburn man who has disappeared and who has been sought by the police for several days.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, irregular bowels, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "sour risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE. **KNOWN COMPOSITION.**

ORNAMENTAL STEEL WIRE & IRON FENCES

for Residences, Parks, Schools, Churches and Cemeteries.

Many beautiful designs at all prices. Railings, Grills, Panels, Wickets, Guards, Inclosures, Partitions, Iron Stairs and Rails, Fixtures, Fire Escapes, Signs, Lawn Settees, Fencing Fences, etc. Write for catalog "A".

WARM DEBATE IN THE SENATE

Started by Senator La Follette
of Wisconsin.

INDULGE IN PERSONALITIES

Members of the Upper House of Congress Freely Express Their Opinions—Senator Money Resents What He Terms a Lecture to the Senate by Elihu Root of New York State.

Washington, May 15.—Again the committee on finance was upheld when the senate voted down an amendment by Senator Cummins to lower the duty on round iron, etc., by a vote of 35 to 42 and upheld the house rate, which was recommended by the senate committee.

Almost the entire session was given up to a debate on the profits of the United States Steel corporation and toward the end of the day personalities were freely indulged in by senators. This occurred after Senator Root had spoken in defense of the finance committee and in criticism of senators who had complained of the failure of that committee to provide more ample information concerning various schedules. Mr. Money, addressing himself directly to the senator from New York, resented what he characterized as a lecture to the senate and said that if the senator from New York desired less speaking in the body "he should do less of it himself."

Senator Beveridge proposed an amendment to the tariff bill increasing the tax on tobacco and its products and charged that by continuing the

TORNADOES IN THREE STATES

Kill Five Persons and Injure
Fifty-five Others.

ONE TOWN IS DEVASTATED

Train Wrecked and Great Damage to Property Reported in Kansas, Missouri and Oklahoma—Three Killed and Ten Seriously Injured at the Town of Hollis, Kan., Which Was Swept Away.

Kansas City, Mo., May 15.—A series of tornadoes in Kansas, Missouri and Oklahoma killed at least five persons, injured fifty-five others, devastated one town, wrecked a train and did great damage to property. Twenty-five persons were injured by a storm that swept over Mount Washington and Fairmount Park, suburbs of Kansas City. At least two of these are thought to be fatally injured and several others seriously.

The town of Hollis, Kan., near Concordia, was swept away. Here three were killed and ten seriously injured. The dead are:

Fred Jeardoe, John Cyre and George Eckert.

The Eckstrom family, consisting of five persons, is missing. Their house is in ruins and it is thought they are dead.

Near Great Bend a tornado killed two and injured twenty. All wires are down in that vicinity and it is feared the death list may be greater. William Ackerly, a Santa Fe engineer, was killed, as was Frank Nicholson, a conductor. The tornado wrecked the work train of which Ackerly was the engineer and blew it into a ditch. Several members of the crew were blown 100 feet. The pile driver toppled over, crushing Ackerly to death in his cab.

Following are those injured in the Great Bend storm:

Lester Preston, Ransom Middaugh, Porter Thomas, R. E. Rucker, R. E. Brown, T. E. Fulkerson, Clarence Avery, Brakeman Murray and twelve unidentified persons.

Most of the victims in this case were members of the Santa Fe crew in the train wrecked by the wind.

The storm spread over a wide area, however, laid waste many farmhouses and injured many whose names could not be obtained. Many conflicting reports have been received. One had ten killed.

At Holsington, Kan., a tornado injured a number and greatly damaged farm property. It was not so severe, however, as that passing over other portions of the state.

At Pond Creek, Okla., a severe wind storm slightly injured four persons and unroofed several houses.

A blinding rain and hail storm accompanied the wind in all three states.

FIVE PERSONS ARE DROWNED

Four Girls and a Young Man Perish in River.

Hackensack, N. J., May 15.—Five persons, four girls and a young man, members of a party of eight, were drowned when a boat in which they were attempting to cross the Hackensack river capsized during a storm. The remaining three swam to the shore.

The victims were on their way home from a paper mill on the river bank when the accident occurred. There is no bridge at hand and as a short cut they adopted the water route, all crowding into a small boat. The girls became frightened and stood up. The boat turned over, throwing all into the water.

THREE INSTANTLY KILLED

Dozen Others Injured by Dynamite Explosion.

Key West, Fla., May 15.—In an explosion on quarter boat No. 3 at Codjess Key, twenty miles from here on the Key West extension of the Florida East Coast railway, three men were instantly killed and twelve others badly injured. The injured men were brought here for medical treatment and it is believed that others were blown to atoms, as 700 pounds of dynamite went off. Most of the men are Americans. Only meager reports of the explosion have been received here and the men are too badly injured to make statements.

"Gentlemen of the jury," asked the clerk of the court, "have you agreed upon a verdict?"

"We have," replied the foreman. "The verdict of the jury is that the lawyers have mixed this case up so that we don't know anything at all about it."—Exchange.

IMPOSES JAIL SENTENCES

Court Also Fines Men Who Violated Anti-Trust Law.

Savannah, Ga., May 15.—Overruling the motion in arrest of judgment offered by the defense, Judge William B. Sheppard sentenced the five men found guilty of violating the Sherman anti-trust law, and in two cases jail sentences were imposed.

Spencer P. Shotter, chairman of the board of directors of the American Naval Stores company, was sentenced to serve three months in jail and to pay a fine of \$5,000.

Edmund S. Nash, president of the company, was fined \$3,000.

J. F. Cooper Myers, vice president of the American company and president of the National Transportation and Terminal company, was sentenced to three months in jail and to pay a fine of \$2,500.

George Mead Boardman of New York treasurer of the American Naval Stores company, was fined \$2,000.

Carl Moller of Jacksonville, Fla., agent of the American company and general manager of the National Transportation and Terminal company in Jacksonville, was fined \$5,000.

The case will be appealed to the United States court of appeals as soon as the bill of exceptions can be prepared and certified to by the court.

Bond in the sum of \$20,000 was given for all the defendants jointly. They were released pending the determination of their appeal. The costs they must pay if the conviction and sentences stand will, it is said, reach \$17,000.

MURDER BAFFLES ST. PAUL POLICE

Slayer of Wealthy Butcher Not Yet Known.

St. Paul, May 15.—With the passing of another twenty-four hours since the perpetration of the fiendish murder of Louis Arbogast, a wealthy butcher, the mystery is as far from being solved as it was when the police first took up the meager threads left behind the slayer.

And this despite the fact that to the minds of the authorities the solution of this greatest and most mysterious of the murders which have ever been committed in St. Paul lies within the powers of the persons who occupied the Arbogast house the night the crime was committed.

No confession had been made by any member of the family and no statement of any kind throwing an additional light on the murder has been obtained either from the widow of the murdered man or any of her daughters.

Mrs. Arbogast is under treatment at the city hospital for the burns she received in the blazing bed. She is not under arrest there, neither is there a guard of any kind placed to prevent her leaving.

That the murder was the work of an insane person is the positive opinion of the police and the county attorney. That Mrs. Arbogast is not and never was insane is also the opinion of all the authorities. While she is being watched, it is also true that she is not the only member of the family under surveillance.

The theory now firmly held to is that Mrs. Arbogast is shielding some other member of the family, and that she is doing it with a desperation and determination that can only be shown by a mother to save an imperiled child.

Louise Arbogast, a nervous wreck, the victim of hysteria and breakdown, was taken to St. Luke's hospital. Suspicion is now directed towards her.

GULICK CHOSEN PRESIDENT

New Yorker Is Head of Playground Association.

Pittsburg, May 15.—The third annual congress of the Playground Association of America has closed. No city has been decided upon for the next meeting. Officers elected are:

Honorary president, Jacob Riis, New York; president, Luther H. Gulick, New York; first vice president, Joseph Lee, Boston; second vice president, Henry S. Curtis, Washington, D. C.; third vice president, Mrs. Samuel A. Ammon, Pittsburg; secretary, E. S. Braucher, Portland, Me.; treasurer, Gustavus T. Kirby, New York.

A monster play festival and May celebration participated in by 18,000 school children was held. One of the features was a parade in which 1,000 children dressed to represent prominent characters in American history marched. Athletic sports and games of various kinds formed another part of the programme.

Wants Animals From Roosevelt.

Milwaukee, May 15.—The Milwaukee Zoological society has cabled President Roosevelt to remember that society in the distribution of wild animals.

These are the Suit Days And the Days for Coats too

When you plan to do without a coat or suit because you think that the days will be so warm that you will not need the medium weight garments, you make a great error as our summers give you many days when suits and coats are absolutely necessary. The Moral; buy your suit now and of

"MICHAEL'S"

ATTORNEY ON THE STAND

Testifies in Trial of Patrick Calhoun at San Francisco.

San Francisco, May 15.—Charles S. Wheeler, attorney for Rudolph Spreckels, was called to the stand by the prosecution in the trial of Patrick Calhoun.

His testimony was directed, according to the statement of Assistant District Attorney Heney, to the refutation of the "insinuated charge of the defense that Mr. Spreckels, Mr. Phelan and others had engaged in a conspiracy" to oust the United Railroads from the streets of San Francisco with a view to obtaining the transportation franchises for themselves.

The examination earlier in the day of Robert H. Perry, one of the detectives under William J. Burns, whose business it was in 1906 to "shadow" Abraham Ruef, bore more directly upon the case, as Perry told of having trailed Ruef to the United Railroads' office on Aug. 23 of that year, the date on which the prosecution alleges the money drawn from the mint by Tiley L. Ford, general counsel for the company, was paid over to be divided among the supervisors.

CONE TO SUCCEED BARTON

Appointed Chief of the Bureau of Steam Engineering.

Washington, May 15.—Secretary Meyer has announced the appointment of Lieutenant Commander H. I. Cone to be chief of the bureau of steam engineering and engineer-in-chief of the navy, to fill the place made vacant by the retirement of Rear Admiral John K. Barton, which has been temporarily filled by Chief Constructor Washington L. Capps, chief of the bureau of construction and repairs.

TALKS ON TUBERCULOSIS

Dr. Osler Discusses Ravages of White Plague.

Washington, May 15.—That tuberculosis is no longer a problem of doctors, that it probably will take two or three generations to reduce its ravages to the rate at which typhoid fever has been regulated, and that the public must be awakened to a greater sense of its responsibility in combating the disease, was the substance of an address by Dr. William Osler, noted physician of Baltimore, Md., and Oxford, Eng., before a public meeting of the National Association for the Study and Prevention of Tuberculosis. Other distinguished men who spoke were Ambassador James Bryce and Speaker Cannon, both of whom urged the fostering of the idea of children's playgrounds as a means of keeping them in the open air as much as possible.

Dr. Osler congratulated the association on the work it had done, and three principal things accomplished having been, he said, the awakening of the public, the loosening up of the money bags of legislatures and philanthropic persons and the enlistment of men and women who are thoroughly in earnest in the campaign.

Minneapolis Man a Suicide.

Minneapolis, May 15.—Robert Caine, forty-eight years old, cut his throat with a razor after telling his two daughters that he intended to commit suicide and showing them just how he had sharpened the razor with which he intended to end his life.

SENATOR LA FOLLETTE.

short weight packages of the Spanish war period, the tobacco trust was reaping a harvest of \$21,000,000 a year.

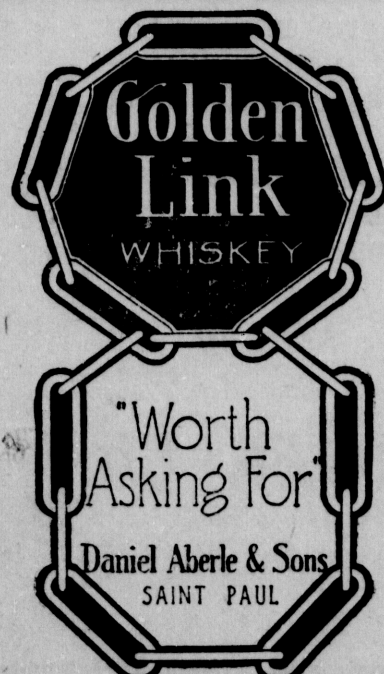

Senators Nelson of Minnesota and Bailey of Texas indulged in a spirited exchange of compliments, the Minnesotan inferentially accusing the Texan of working hand in glove with Aldrich, and the Southerner retaliating with the intimation that Nelson, as to stone throwing, was much in the position of that man who has his habitation in a house of glass.

Senator Nelson did not reply. Like the other "progressives," he is very sore on the Democrats who are voting with a high protection crowd.

As senators began flinging mud at one another and the word "liar," dignified men like Cannon and Fry turned to the speaker with wonder, amazement and scorn.

Probably there was never such undignified utterances before in the history of the senate.

La Follette of Wisconsin began the fracas, just such a one as was expected to happen. It was bound to come. The atmosphere around the senate of late had been too heavy. It was necessary.

may win \$10 or \$5 in gold. 291tf**

Ed. Lambert, manager at Kabbekona
camp, Woman Lake, and his son, Percy
Lambert, came down today. Percy
went to his home northwest of Motley
to put in his crops after which he will
return to the camp to assist in carpen-
ter work there. Mr. Lambert states
that Chas. Ralya, one of the oldest
guides in that section, cut his foot badly
yesterday while chopping wood and
will be laid up for some weeks.

Eggs for setting from my good win-
ter layers, fullblooded Buff Orpingtons
and R. I. Reds, 50 and 75 cents a set.
Carl Sorman, 813 Quince St. S., block
south of High school. 274 4ts

Today was the date set by the health
officer some weeks ago as the time by
which all yards, etc., should be cleaned
up. The inclement weather, however,
has apparently retarded the work, but
people are beginning to get busy.
There is need of it in many cases and
the business district is not in the least
behind the residence sections in that
respect. There are at least three
places in the heart of the business sec-
tion where buildings have been partial-
ly destroyed by fire and the debris is
still in a very unsightly condition. And
as to the back alleys and manure piles—
perhaps the less said the better. The
matter of a cleaning up week has been
referred by the Commercial club to the
public affairs committee and it is un-
derstood that there will be some recom-
mendations from them in the near fu-
ture. In the mean time why not each
one appoint himself or herself a com-
mittee of one to clean up around one's
premises. The Queen Ann front and
Mary Ann back is not a becoming cus-
tome for any residence or business
property.

TOWN OF GOLD BRICKS.
Wealth Found in the Walls of Mexi-
can Adobe Houses.

There are many remarkable towns
in Mexico, but none more interest-
ing than Guanajuato, "the hill of the
frog." It might more properly be
called the "gold brick town," for the
houses here have been found to contain
much gold.

This is a curious situation, but it
came about naturally. Guanajuato—
pronounced Wah-nah-wah-to—is one of
the oldest mining towns in Mexico, but
the value of the place as a town was
discovered when a railroad company
decided to build a station there. It
was found necessary to tear down
about 300 adobe buildings, which were
made of the refuse of various mines
after the ore was extracted.

When it became known that the old
adobe buildings would be torn down
pieces taken at random were assayed.
It was found that because of the old
process, which left much gold and sil-
ver, they assayed from \$3 to \$24 a ton.
The mean value was estimated to run
about \$8 gold a ton.

The old buildings have brought about
\$30,000 Mexican, in gold, and persons
who have built since the new machin-
ery has been installed in the mines
are bemoaning the fact that the new
houses do not contain as much gold as
the old.—Scientific American.

STRUCK IRON NEAR MOTLEY

Ed. Lambert Reports That Ore
Has Been Found on Farm of
John Bickford

SAYS THE FIND IS RICH

Ore Said to be of First Class
Quality and Believed to be
Very Abundant

Ed. Lambert, who resides about ten miles northeast of Motley, was in the city today. He states that people in that section are much worked up over reported discoveries of iron ore on the farm of John Bickford. The drill is now down about 160 feet and is reported to be in good merchantable ore. Drillings on the farm of Sam Skafe, near there show good indications, but have not yet struck the ore strata. Mr. Lambert predicts great activity in the way of explorations in that section this summer.

Delightful Treat

Both audiences that listened to J. M. Young, of Chicago, at the public library in the afternoon and at the Elks hall last evening, were amply repaid for the time and money spent to hear him. He proved himself to be, not only an excellent connoisseur of art, but a fine raconteur of the lives of great artists, both foreign and American.

The afternoon's lecture was an informal affair, and added charm was lent to the lecture by his going into the minutiae of tone, color, harmony, etc., by way of contrast, using the exquisite water colors and also oil paintings which he had on exhibition and which are rated among the best in the country.

At the Elks' hall last evening before an appreciative audience, the lecturer gave a resume of the history of art from Pericles down to the modern schools; dwelling particularly upon the greatness of American artists and their works of art. "There are more painters in America, than in any country in the world," uttered the lecturer. The lecturer then backed up his statement by showing that almost all the art galleries of Europe contained pictures by American artists, and that their pictures had created a furore wherever exhibited. He mentioned Whistler, Sergeant, George Innes and West, and several others.

A part of last evening's lecture was illustrated by the aid of a superior stereopticon, using the Lumiere Co., of Paris' slides, mounted by the aid of colored photography; a new art that has come to light after decades of experimentation, and which showed the pictures of George Innes, Wyant, Ranger, Hassam, Murphy, Charles H. Davis, Eaton, Blakeclouck and Troyan, all American artists, in color details, to perfection. Mr. Young believes the time opportune to call the eyes of the Old World to America's greatness along the line of art. One of the charms of the lectures was the conversational style of the lecturer.

BABY SCHOOL FOR A CHURCH.

Amuses Them With Playthings While Mothers Attend Service.

An excuse for not going to church which has been valid for several generations among mothers of large families, though its precise value in the minds of pastors has been somewhat vague, will no longer apply among the mothers of Calvary Methodist Episcopal church, at Seventh avenue and One Hundred and Twenty-ninth street, New York city, in the heart of Harlem, where gacots abound. The church has established a Sunday morning kindergarten, to which children more than two years old may be taken, in a house adjoining the church. It is being provided with sand tables, blocks and the other equipment of a kindergarten.

The announcement was recently made in the bulletin of the church, and the mothers of ten children took advantage of the offer. The children were all over four years old, and no difficulty was found in amusing them.

A well known candy manufacturer recently purchased the two houses 209 and 211 West One Hundred and Twenty-ninth street and gave their use to the church.

Won't Slight a Good Friend

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley, of Beale, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for coughs, cold and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For bronchitis, asthma, hemorrhage, croup, LaGrappe, sore throat, pain in chest or lungs its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn.

DEATH OF GUSTAVE ELG

Aged Resident of Brainerd Died at
His Home Friday After a
Long Illness

Gustave Elg, for the past eight years a resident of Brainerd, died at his residence at 815 South Seventh street, Friday after an illness of over a year. The funeral service will be held at the Swedish Lutheran church Sunday at 3:30 and will be conducted by Rev. Hugo Thorene. Interment will be in Evergreen cemetery.

Gustave Elg was born in Dalerne, Sweden, April 1, 1834, and was a little over 75 years of age at the time of his death. He was married at Lilljendahl, Sweden, on Oct. 18, 1856, to Mary Jophie Bork, who survives him. To them were born 14 children, eight being boys and six being girls. Three of the boys are dead. The following are the surviving children: Mrs. Em-Soderquist, Fergus Falls, Minn.; Charles Elg, St. Paul; Aaron Elg, Two Harbors; Miss Hannah Elg, Brainerd; John Elg, Moline, Ill.; Adolph Elg, Two Harbors; Alma Elg, St. Paul; Mrs. Sophie Holmquist, Fargo; Gustave Elg, Two Harbors; Mrs. Freda Holmquist, Fergus Falls; and Mrs. Ellen Swanson, Pelican Rapids. Mr. and Mrs. Elg emigrated to America in 1892, settling in Fergus Falls, where they resided until 1901, when they came to Brainerd which has since been their home. For many years prior to coming to America Mr. Elg was foreman of one of the largest rolling mills in Sweden and it is said that few men knew more of the manufacture of iron than did he.

The Dispatch joins many friends in extending heartfelt sympathy to the widow, left alone after more than half a century of companionship, and to the sorrowing children.

AMATEUR BASE BALL

The Brainerd High school base ball team went to Royalton this noon to play the team there this afternoon. The lineup of the Brainerd team will be Parker c, Alderman p, Mahlum 1b, E. Bush 2b, White ss, L. Bush 3b, Ousdahl lf, Mills cf, O'Conner rf. With the team went Cleon White, Harry Carlson, Richard Johnson, Kenneth Ribbel, Neil Brooks, Edwin Blake, Clyde Trent and possibly others.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Kills To Stop The Fiend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures fever-sores, boils, felons, eczema, salt rheum, infallible for piles, burns, scalds, cuts, corns. 25c at H. P. Dunn's.

COMING RACING CENTER.

San Diego, Cal., Is the Place, Says a California Stockman.

San Diego, Cal., is destined to become the big racing center in the United States, according to John C. Clark, a stockman who owns a large ranch twenty-five miles from that city.

"The government of Mexico has granted big concessions to the horse racers, and a very fine track is being constructed just over the line in Mexico and near San Diego, Cal.," Mr. Clark said. "A trolley line will be run from San Diego down to the track, only a few miles distant, and there is every assurance from the Mexican government that there will be no interference so long as the races are conducted in the proper manner. In the country where bullfights are tolerated it is expected the regulations governing races will be a little more lax than in this country, but the men who are investing their money say it will be conducted on the same high plane as the big tracks in this country."

"It is planned to build a big resort there, and it may develop into a regular Monte Carlo. But the base of operations will be in San Diego as planned now. There is no more delightful climate to be found than in and around San Diego, and that is expected to be a big drawing card. That city is expected to take on gay attire when the followers of the races swoop down on it next season. It is planned to have everything in readiness by next fall and winter."

Smashes All Records.

As an all-round laxative tonic and health-builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves; cure constipation, dyspepsia, biliousness, jaundice, headache, chills and malaria. Try them. 25c at H. P. Dunn's.

FARM, HOME AND GARDEN

STOCK ROOTS

The Minnesota Experiment station strongly recommends the growing of stock roots especially for northern and central Minnesota. The following is taken from press bulletin No. 72, issued by the Northeast Experiment at Grand Rapids:

"Stock roots under ordinary field conditions yield from 10 to 15 tons per acre; from 350 to 550 bushels. When the soil is very fertile, and given extra care, they may be made to yield as high as 30 tons, or 1,000 bushels per acre.

"The cost of growing roots, taking everything into consideration such as value of land, cost of machinery, seed, labor, etc., need not exceed \$25 per acre, or from \$1 to \$1.75 per ton.

"Two acres of stock roots are grown on the Experiment Farm every year. They are grown in a rotation with barley, clover and peas.

"They are sown with a garden drill in rows 24 inches apart. When the plants appear above ground they are gone over with a wheel hoe, and later with a horse cultivator every week throughout the growing season.

"When the plants are about two inches high they are thinned out, a common hand hoe being used for this purpose. The stock carrot is thinned to 8 inches, and the rutabaga and mangle to 12. Thinning the plants early with the hoe, lessens the hand thinning later. With the plants well apart they are much easier kept clean, and their yield is greater than when grown thickly.

"Mangles, sugar beets, stock carrots and rutabagas have been compared on the Experiment Farm. On high well drained soil and a favorable season, mangles give the largest yield, but on low ground and in a cold wet spring are apt to fail. This is also true of the sugar beet. Stock carrots have never failed to produce a crop. Rutabagas are also very hardy but objectionable for dairy cows.

"Taking all conditions, the stock carrot is recommended for this section of the state. Rutabagas may be grown for sheep, pigs and young stock, but either the stock carrot or mangle for dairy cows.

"A sandy loam soil is best for roots. It should be well manured. In preparing the seed bed harrow thoroly immediately after plowing as the soil is most easily pulverized at that time; it is also well to plow or roll it before seeding as the garden drill is difficult to work in uneven ground. A garden drill is the first thing that should be secured in preparing to grow roots. With a garden drill an acre can be sown in half a day. A good drill may be bought for \$8 or \$10. Two or more farmers may buy one in co-operation to good advantage.

"In seeding sow plenty of seed. The surplus may be thinned out easily.

"For carrots or rutabagas sow from 1 1/2 to 2 pounds per acre, for mangles 15 to 20 pounds.

The time to plant will depend upon the season, from May 10 to June 10. Carrots and rutabagas may be seeded quite early without danger. Rutabagas may be sown as late as July and a good crop secured, but earlier planted is safer.

"Grow roots. The money you spend on one ton of bran or shorts if invested in an acre of roots will produce from four to five times as much feed.

"Live stock of all kinds need some succulent feed in winter to be healthy. When roots are fed there will be no need for expensive stock foods and medicines. Grow roots. They have a food value not only in themselves but also in the effect they have on other feeds fed in connection with them, making them more digestible and nutritious.

A. J. MCGUIRE,
Northwest Experiment Station,
Grand Rapids, Minn."

Here is Relief for Women

If you have pains in the back, urinary, bladder, or kidney trouble and want a certain, pleasant relief from women's ills, try Mother Gray's "AUSTRIAN-LEAF." It is safe, reliable, and relieves all female weaknesses, including inflammation and ulcerations. MOTHER GRAY'S AUSTRIAN-LEAF is sold by druggists or sent by mail for 50 cts. Sample sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.

Earthquake Fear.

Mankind are strangely inconsistent in the matter of running risks. There is no danger that appalls the imagination more than the danger of earthquake, and yet those parts of the world that are most subject to earthquakes seem never to have been there fore shunned by human beings. An earthquake is an "act of God," and men are clearly helpless against it. Like death, no one knows when it may come; but, unlike death, it may never come at all, and therefore men fear it less than death.—London Times.

Act Quickly

and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or taken cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subside. New size bottles 35c., also in 50 cent sizes.

REGISTRATION OF TITLE

Only Three Applications Have Been
Made Thus Far in Crow Wing
County Under New Law

Thus far there has been no rush for the registration of real estate titles in Crow Wing county, under the Torrens system, which was extended to all the counties of the state by the last legislature. The first application for registration was made on April 23 and was made by the Cuyuna Investment Co., and asked the registration of the title to the w 1/2 of the nw 1/4, the sw 1/4 of the nw 1/4 and the n 1/2 of the sw 1/4, 32-27. That was the only application up to Friday May 14, at which time B. B. Gaylor et al asked the registration of the nw 1/4 of the ne 1/4 of 11-46-29 and Lars J. Sall applied for registration on the sw 1/4 of the nw 1/4 and lot 4, 12-46-29. The clerk of the district court and the registrar of title are well pleased that there was no rush as it has been a task of considerable magnitude to get the proper books and blanks ready for business.

REAL ESTATE TRANSFERS

MAY 13

Wm. H. Runbo and wife, to Byron K. Cowes, w. d. s 1/2 sw, ne sw and lot 4, 29-136-28, \$976.

MUSIC AND DRAMA

The Bijou offerings for next week are a little out of the ordinary. The advance notice of the Mysterious Franz Ceaser and company are very flattering to say the least. They come direct from the Princes theatre Minneapolis, where they were a tremendous hit. (Note Minneapolis Journal, says: "You can go and see 'Franz Ceaser in his great substitution act every day in the week and then want to go again. Its fascinating, mystifying, wonderful and beyond comprehension.") Manager Cowles feels very much elated in securing this wonderful act and can assure the Bijou patrons that they will get their money's worth and then some. Lipman and Lewis are more than making good this week—at the Bijou—those failing to see these funny fellows miss a good big laugh. Change of pictures Sundays and Thursdays. Vaudeville Mondays and Thursdays.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurluck, Ky., shows how to remain young. "I feel just like a 16-year-boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at H. P. Dunn. t t s w l

Could Not Fool Gladstone.

"The keenness of Gladstone's collecting eye, even in old age," the London Athenaeum says, "may be inferred from the story told us by a bookseller in Brighton. On one of his last visits Mr. Gladstone paid a visit to our informant and took up a nice book in an old French binding. 'What's this?' he said.

"'Oh, it's a book from the library of Catherine de' Medici.'"

"'But there's no fleur de lis in the top lozenge,' retorted Mr. Gladstone without a second glance at it."

RHEUMATIC FOLKS

Are You Sure Your Kidneys Are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Brainerd testimony to prove it.

Mrs. Ben Nelson, living at 701 Third Ave., N. E., Brainerd, Minn., says: "My husband is a firm believer in the effectiveness of Doan's Kidney Pills, having used them off and on whenever any sign of kidney trouble has appeared. A month ago he was greatly bothered by lumbago and also pains through his loins. A few boxes of Doan's Kidney Pills, procured from H. P. Dunn's drug store, relieved him. We are glad to recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Spring of the Year Always Brings up the Waist or Blouse Question

We're ready to meet it.
We have waists and
blouses in great variety
of fabrics and they are
cut to fit. Cheviots, Per-
cales, Madras, Etc.

Sizes 3 to 15 years

25c, 50c to \$1.00

Our waists and Blouses
are made good and full
and made by people who
do nothing else but de-
sign and make waists.

Where to Worship

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m. mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Communion service. Rev. Hugo Thorene, pastor.

Christian Scientists: Services every Sunday at 11:00 a. m., in the Calhoun, 620 1/2 Front street. Wednesday evening 8 o'clock. All are welcome. Sunday school at 12 m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:45 a. m.; evening service at 7:45 p. m.; Sunday school noon. Mid-week service on Thursday evening at 8 p. m. Rev. C. V. S. Engstrom, pastor.

Norwegian Lutheran church, 7th St. south, between Laurel and Maple streets: Services at 10:30 in the morning and at 7:30 in the evening. Sunday school at 12 m. Sunday school in both the Norwegian and English languages.

First Baptist church: Morning service at 10:30; Sunday school at 12:00 p. m. Junior society at 3 p. m. Young Peoples' society at 7:30 p. m. Evening service 7:30. Rev. J. E. Abramson, pastor.

German Lutheran Zion's church, 423 North Tenth street. Services every Sunday at 10:00 a. m. Rev. Chas. Kollmorgen, pastor.

Text of sermon, John 16 23-30. Subject of sermon, "A True Christian is an Eager Worshipper."

People's Congregational church: Preaching 10:45 a. m., Sunday school 12 o'clock, noon. Y. P. S. C. E. a: 6:30 p. m. Evening service at 7:30 p. m.

Evangelical church: Sunday school at 10 a. m., morning service at 11 a. m., Y. P. A. at 7:00 p. m. Evening service every Sunday at 8 p. m. A cordial invitation is extended to all. Strangers especially welcome. D. Groening, pastor.

Swedish Baptist: Preaching at 10:45 a. m. Sunday school at 12:00 m. Young Peoples' Society meeting at 5 p. m. Preaching 7:30 p. m. Mid-week meeting Thursday evening at 7:45. Kom med till Herrns hus! Oscar S. Jacobson, Pastor.

Rev. C. Bodin, of Minneapolis, will speak in the morning. In the afternoon there will be a meeting at which there will be a number of short addresses by delegates and ministers and

in the evening Rev. Mr. Bodin will preach. All under the auspices of the Swedish P. Y. P. U., of Minnesota.

Norwegian-Danish Lutheran church, near corner 10th and Bluff Avenue. Unless otherwise announced the following order will be observed as nearly as possible: Morning services 10:30 a. m., first and third Sunday every month. Evening services at 7:45 p. m., every Sunday in the month except the 4th, when the pastor is regularly at Pequot. No evening services Easter day, Pentecost or similar occasions. C. Hougstad, pastor.

First Congregational church, corner Juniper and Fifth streets: Public worship at 10:30 a. m., and 7:30 p. m. Sunday school 12. Young Peoples' Society at 6:30 p. m.

There will be no preaching services, Other services as usual.

First Methodist Episcopal church corner of Juniper and Sixth streets: Morning service at 10:30; Sunday school at 12. Epworth League 6:45 p. m. Evening service at 7:45 o'clock. Rev. Charles Fox Davis, pastor.

Morning, "Christ Withering a Fruitless Fig Tree." Evening, an Epworth League Anniversary service will take place. A chorus choir will render special music with a special solo by Mrs. T. E. Nitterauer. Addresses of five minutes length will be given by Miss Maud Burrell, Miss Kathleen Round, J. H. Noble and Rev. Charles Fox Davis.

St. Paul's Episcopal church. Holy communion 8:30 a. m., except first Sunday in each month. Then 10:30 a. m. Morning prayer, litany and sermon at 10:30 a. m., Sunday School at noon. Evening prayer and sermon at 7:30. Rev. J. K. Alten, rector.

Presbyterian church: Morning services at 10:30. Sunday school at 11:50. Christian Endeavor at 6:30. Evening service at 8:00 o'clock. Prayer meeting Thursday evening at 8:00. All are always welcome. W. J. Lowrie, pastor.

Morning subject, "Serving the Egyptians." In the evening Mothers' Day will be observed by appropriate services, the subject of the sermon being "The Mother."

During the summer months the hour of the evening service will be changed from 7:30 to 8:00 o'clock.

Swedish M. E. church—Preaching services the first and Third Sundays of each month, at 10:45 a. m. Rev. A. G. Olson, Pastor.

WAY TO SIGNAL MARS

Professor David Todd Will Use a Balloon.

TO TRY TO RECEIVE MESSAGES

Amherst Man Will Ascend Higher Than Ever Before When Planet Is Nearest to the Earth—How Professor Doolittle Would Signal Mars.

Professor David Todd of Amherst college does not believe it absurd to plan for communication with other worlds and in an attempt to get signals from Mars will ascend in a balloon to a height greater than usually reached, says a Boston dispatch. He will be accompanied by Leo Stevens, the aeronaut. This plan to surmount natural difficulties will be tried not later than September, when the planet Mars is nearest the earth.

Professor Todd, speaking of the novel test he has planned, said in part: "If life really exists on Mars they have been trying for years to get into conversation with us and perhaps wonder what manner of stupid things we are not to respond. Following this assumption, I have thought that we might feel their presence if we could get high enough up, away from the noises and the ether waves that surround us, up in the rarefied regions of our atmosphere with nothing to disturb the communication."

"In mounting high up in the balloon to attempt to intercept any ether waves that may be radiating from the planets I shall be shut into a metal box made of aluminum for lightness and fitted with apparatus to drive out the carbonic acid gas and supply oxygen and with air pressure to prevent sickness. In that way I can ascend much higher than balloons have heretofore gone. We shall take along the wireless receiving instrument and try to intercept messages from Mars, Venus or any other of the planets."

"The planet Venus defies the telescope. All we get from Venus is a reflection from the planet's atmosphere or gaseous envelope. This very atmosphere of Venus is a sign of probable life on the planet."

"We cannot presume to send messages to Mars on this coming trip, but will only try to receive. The question has been raised of how we should get our grand connection necessary for telegraphy."

"There are several answers. We will use what is practicable. If, in the meantime, it is established that a thousand foot wire hanging from the car with surrounding atmosphere forms a 'grounding,' we will use that."

When asked about the practicability of recent plans for establishing communication with Mars, Professor Eric Doolittle of the Flower astronomical observatory, University of Pennsylvania, said:

"The idea of signaling to Mars with the object of determining whether or not the planet is inhabited is practical and might be easily carried out by the construction of large geometrical reflectors in the plains of Siberia. The triangle, the square and the circular plane could be used. Were we now on Mars with our telescopes, such a set of figures would be distinctly discernible. If Mars is inhabited by intelli-

gent men, and if among them there are astronomers watching this earth, those men would see these geometrical figures, and they would communicate by constructing similar devices."

Professor Doolittle thought that the expenditure of the proposed \$10,000,000 for establishing communication with Mars would be impracticable until it was definitely determined that Mars was inhabited.

WISCONSIN BOY MURDERED

Robbery Supposed to Have Been Motive of Crime.

Duluth, May 15.—Rudolph Nelson, aged sixteen years, was murdered Friday night in the outskirts of Superior, Wis., while returning from school. His body was thrown into a pool, where it was discovered at 6 o'clock. Robbery is supposed to have been the motive, as a cheap watch and some small change were taken.

High and Low Tides.

The highest tides in Europe occur in the Bristol channel, where at spring tides there is sometimes a difference of over forty feet between high and low water. The highest tides in the world occur at Fundy bay, Nova Scotia, where the difference is over seventy feet. The lowest tides are in Lake Michigan, where the difference between high and low water is only three inches.

GRAIN AND PROVISION PRICES

Minneapolis Wheat.
Minneapolis, May 14.—Wheat—May, \$1.27½; July, \$1.25½; Sept., \$1.08½. On track—No. 1 hard, \$1.30@1.30½; No. 1 Northern, \$1.29@1.29½; No. 2 Northern, \$1.27@1.27½; No. 3 Northern, \$1.25@1.26½.

St. Paul Union Stock Yards.

St. Paul, May 14.—Cattle—Good to choice steers, \$5.00@6.50; fair to good, \$4.50@5.00; good to choice cows and heifers, \$2.00@4.00; veals, \$5.00@5.75. Hogs—\$6.90@7.15. Sheep—Wethers, \$5.50@6.00; yearlings, \$6.25@6.50; lambs, \$7.50@8.00.

Duluth, May 14.—Wheat—To arrive and on track—No. 1 hard, \$1.29½; No. 1 Northern, \$1.27½; No. 2 Northern, \$1.25½; May, \$1.25½; July, \$1.25½; Sept., \$1.08½. Flax—To arrive and on track, \$1.69½; May, \$1.68½; July, \$1.68½; Sept., \$1.46½; Oct., \$1.40½.

Chicago Union Stock Yards.

Chicago, May 14.—Cattle—Beeves, \$5.10@7.25; Texas steers, \$4.60@6.10; Western steers, \$4.75@6.00; stockers and feeders, \$3.60@5.65; cows and heifers, \$2.50@6.25; calves, \$5.25@7.50. Hogs—Light, \$6.85@7.35; mixed, \$7.00@7.45; heavy, \$7.05@7.50; rough, \$7.05@7.20; good to choice heavy, \$7.20@7.50; pigs, \$5.80@6.75. Sheep—Native, \$4.00@6.50; yearlings, \$6.25@7.50; lambs, \$6.25@8.75.

Chicago Grain and Provisions.

Chicago, May 14.—Wheat—May, \$1.28; July, \$1.13½@1.13½; Sept., \$1.05½; Dec., \$1.04@1.04½. Corn—May, 73½¢; July, 69¢; Sept., 67½¢@67½¢; Dec., 58½¢. Oats—May, 59½¢; July, 51½¢; Sept., 43½¢@43½¢; Dec., 44½¢. Pork—May, \$18.30; July, \$18.42½; Sept., \$18.45. Butter—Creameries, 21¢@25¢; dairies, 18½¢@23½¢. Eggs—19½¢@21¢. Poultry—Turkeys, chickens and springs, 15¢.

THREATS CAUSE SCARE IN PARIS

But It Is Believed That Labor Leaders Are Bluffing.

SPEECHES ARE INFLAMMATORY

Representatives of Workmen Pledge Immediate Support to Striking Postal Employees and Threaten to Join the Revolutionary General Federation of Labor if Necessary—Government Officials Confident.

Paris, May 15.—The striking postal employees adopted resolutions appealing to workmen's organizations to make common cause with them. The meeting was attended by M. Pataud, secretary of the electricians' union, M. Guérard of the railroad men's organization and other representatives of workmen, who delivered inflammatory speeches, promised the postal employees immediate support and threatened, if necessary, to place themselves under the direction of the revolutionary General Federation of Labor. These threats produced a big scare, but there is a strong suspicion here that leaders in the movement are bluffing.

The strike of the postmen itself apparently has lost ground. The rank and file of the men seemingly are convinced that the agitators are acting for their personal end and as the tools of revolutionary proletarian organizations, and they hesitate to risk losing their permanent situations and pensions.

At Chartiers and Dijon strikers, in view of the attitude taken by parliament, voted to return to work. Government officials here continue to express confidence that the entire movement is collapsing. It is pointed out by them that only 48,000 out of the 800,000 railroad men whose support was pledged the strikers by M. Guérard belong to the union and that these members are mostly trackmen and artisans employed in the shops.

It is reported that strikers, in their desperation, again are cutting the telegraph wires in Paris and the provinces.

CALLED BEFORE COMMITTEE

One of Stephenson's Managers Again Questioned.

Madison, Wis., May 15.—Republican State Chairman E. A. Edmonds, who also was one of Senator Stephenson's managers during the primary campaign, was again called before the senatorial primary investigating committee and questioned with a view to clearing up some portions of his previous testimony which the committee did not quite understand.

The examination did not bring out anything important beyond the fact that Edmonds acknowledged the payment of about \$300 to an attorney who defended Lester Tilton of Neillsville, whom Senator Blaine mentioned in his list of charges against Mr. Stephenson.

E. J. Westphal, a newspaper publisher at Appleton, and Senator Lehr testified concerning campaign bills which the former alleged were due him from Lehr.

Senator Lehr disputed Westphal's claim and contended that he had overpaid him.

TWO YOUNG MEN KILLED

Shoot Each Other in Trying to Hit Another Man.

Roanoke, Va., May 15.—William Bailey and R. M. Young, two young men of prominent families of Lee county, shot and killed each other while trying to kill another man at a school entertainment at Dryden.

Young and Bailey had an altercation with William Jesse over the matter of tickets of admission. It is alleged. Young and Bailey abused Jesse and the latter struck one of them. Young and Jesse clinched and Bailey, in an effort to shoot Jesse, shot Young. As Young was falling he fired aimlessly, the ball killing his friend Bailey. Jesse was shot in the side and another man was slightly wounded.

TRAIN RUNS INTO A CREEK

Several of the Trainmen Are Reported Missing.

Kansas City, Mo., May 15.—Wabash passenger train No. 9 ran through an open bridge into Bull creek near Randolph, twenty miles east of here. The engine, baggage and mail cars fell into the water. A telephone message from Randolph said several trainmen were missing, but that no bodies had been found. The accident was caused by a washout.

Baby Strangled to Death.

Minneapolis, May 15.—Wrapped in some old papers and an apron, the dead body of a female infant was found by workmen in an ash heap in the alley in the rear of 829 Seventeenth avenue south, with a cord tightly tied around its neck. The baby had been dead for about two days and the police have no doubt that it had been choked to death by means of the string, which was deeply imbedded in its flesh.

ROCKHILL AS A TIBETAN.

Incident in the Career of the New Ambassador to Russia.

Take it from William Woodville Rockhill—doesn't that sound like a name in a play?—that exploring Tibet is like sauntering down a shady lane. The new ambassador to Russia is distinctly skeptical of those gentlemen who go to Tibet and get themselves hung up by the lobe of the ear and have repousse designs in powder burns worked all over them in the button-hole stitch. They make him think, he says, of a certain famous attempt to find the north pole, in which the relief party got so much farther north than the explorer did that the unfortunate scientist had to hurry like thunder to catch up with it. That farthest south arctic expedition has been equaled, he says, by some of the Tibetan explorers.

And Mr. Rockhill ought to know, for he wandered all over Tibet, protected by a cold American nerve and his looks—not that he is proud of his looks. When he planned that Tibetan trip he was second secretary of the American legation at Peking, and his servant was a native Tibetan. "Am I too handsome to pass for a Tibetan?" asked Mr. Rockhill of the mental. Mr. Rockhill was slyly facetious. The Tibetan was as solemn and matter of fact as the death record in the family Bible. He said he feared the displeasure of the noble lord if he were to answer truthfully. Mr. Rockhill began to lose the savor of that jest, but he insisted. "But the noble lord will hereafter hate his faithful servant," protested the Tibetan.

"Darn it," said Mr. Rockhill in excellent Tibetan, "you tell me what's the matter with my looks?"

"All is wrong," said the Tibetan—"everything is wrong with the excellency's looks save and except his magnificent big nose. Because of that most spectacular and ornate organ he may pass as a Tibetan of the second class, and by further disguise he may be accepted as one of the nobility. But the nobility are very handsome men."

Just the same, Mr. Rockhill traveled unmolested all over Tibet and didn't have to raise his voice during his stay in the Forbidden Land. Even if he isn't a good looking Tibetan he is ordinarily considered a very classy American. Tall, portly, of distinguished presence, he is an ardent scholar.—New York Globe.

GREAT AFRICAN REGATTA.

Zambezi River to Be Scene of Gathering of World's Crews.

The Zambezi river above the Victoria falls, in Africa, is to be the scene of a great international regatta, managed by the British South Africa company, in June, 1910. It is expected that crews from all the rowing centers of the world will participate, and there will be races for fours, pairs and scullers as well as for eight oared crews. The company has arranged that the famous oarsman Guy Nickalls take charge of the affair. In a recent conversation at London Mr. Nickalls said:

"Owing to the date falling just before the end of the term I am afraid there will be difficulty in getting a crew to go out from Oxford or Cambridge, but I hope to get a Canadian crew over from the Argonaut club and one crew, if not two or three crews, from the United States as well as entries from Belgian and possibly French and Italian clubs. I think I can count on Leander being represented. I am going out to Africa to have a look at the course and watch South African rowing. I shall get there in time for their annual Whitsuntide regatta and shall be able to judge if their form will enable them to compete with the rest of the world's oarsmen or whether it will be necessary to have an inter-African challenge cup. I shall get back just in time for Henley, where I hope to meet French, Italian and Belgian crews and get them interested in the matter."

HAT THAT CAUGHT A ROBIN.

Bird Alighted to Pick Cherries—Feet Tangled in Trimming.

A deluded robin came to grief the other day in Flushing, N. Y., because a pretty girl wore a peach basket hat trimmed with artificial cherries.

The girl was walking along Broadway near the old courthouse when the robin, on a lower limb of a tree, spied the hat and its trimmings. It hopped from its perch on to the hat and started to pick at the cherries.

The girl screamed and clutched at her hat. The robin's feet caught in the trimmings, and it was held a prisoner. A man went to the assistance of the girl and the robin. Then the robin escaped.

Novel Street Lighting.

The quantity of light which it is now possible to obtain at a reasonable cost from tungsten lamps in series has led to an innovation in street lighting in some Michigan towns which, it is thought, may find wide adoption. In Grand Rapids, where the system seems first to have been applied, the tungsten lamps are strung across the street between the eaves of the buildings in such a way that they form the outline of an arch. The effect of a series of these illuminated arches at night resembles that of a canopy of lamps covering the street and shedding down upon it a pleasing illumination. The same system has been adopted in Big Rapids and is under consideration in Greenville and other towns.

Violet Wisconsin's Flower.

Returns from the vote of Wisconsin school children on the choice of a state flower are all in, and the violet wins by a big majority.

For the Summer's Cooking

No kitchen appliance gives such actual satisfaction and real home comfort as the new Perfection Wick Blue Flame Oil Cook-Stove.

Kitchen work, this coming summer, will be better and quicker done, with greater personal comfort for the worker, if, instead of the stifling heat of a coal fire, you cook by the concentrated flame of the

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

Delivers heat where you want it—never where you don't want it—thus it does not overheat the kitchen. Note the CABINET TOP, with shelf for warming plates and keeping food hot after cooked, also convenient drop shelves that can be folded back when not in use, and two nickel-plated bars for holding towels.

Three sizes. With or without Cabinet Top. At your dealer's, or write our nearest agency.

The **Rayo LAMP** never disappoints—safe, economical and a wonderful light giver. Solidly made, beautifully nickel-plated. Your living-room will be pleasanter with a Rayo Lamp.

If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY (Incorporated)

MURDER MYSTERY UNSOLVED

Police Baffled by Case of Laura E. Rogester.

Providence, R. I., May 15.—The mystery of the murder of Laura E. Rogester in Cranston Monday night remains unsolved. A reward of \$500 has been offered by Mayor Fletcher and it is expected that Governor Pothier and the employers of Miss Rogester will increase the amount by \$500 each.

Most of the attention of the police in the search centered about the discovery that a ring, bracelet and purse, which the girl is said to have had with her when she left her home Monday evening to go to try on her wedding dress, are missing. Heretofore the police have clung to the opinion that the young woman was killed by someone with whom she was acquainted and that robbery was not the motive, but when it was positively learned that these trinkets, all of which were gifts from the man she was to marry, could not be found at her home, the case took on a new aspect.

Detectives said that the dead girl's family had admitted for the first time that she was acquainted with an Auburn man who has disappeared and who has been sought by the police for several days.

Pernambuco means "the mouth of hell," in allusion to the violent surf that is always seen at the mouth of its chief river.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, or "rising" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle, wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine known composition.

ORNAMENTAL STEEL WIRE & IRON FENCES
